SECUMAR FREE 100**

IS A REAL LIGHTWEIGHT  
WITH ITS 500G  
IN A COMPACT POCKET FORM

**SECUMAR – UNIQUE  
THROUGH CONSISTENT RESEARCH  
AND INNOVATION**

Many companies have made safety at sea their area of work. However, hardly any of them have approached the subject with such high requirements and with such **sound scientific knowledge** as Bernhardt Apparatebau GmbH u. Co from Holm, near Hamburg, Germany which for **more than 50 years** now has manufactured the most innovative lifesaving equipment under the brand name of SECUMAR.

Logically consistent research and **demand for top quality** has helped Bernhardt Apparatebau attain a world leading position in this field. With the **FREE 100** SECUMAR offers all freedom-loving water sportsmen a unique safety system in pocket-size.

**FREE 100**  
*Your Lifesaver in a Pocket*

- fully-fledged inflatable lifejacket buoyancy chamber
- reusable by replacing CO<sub>2</sub> cylinder
- lightweight: only 500g

# THE SMALL LIFESAVER FOR EMERGENCIES

**MY LIFE.  
MY** 

Inflation system with replaceable 22 g CO<sub>2</sub>-cylinder (P/N 15866) supports 110N buoyancy

Manual inflation device with pull cord to inflate the buoyancy chamber with the CO<sub>2</sub> gas

3M® Retroreflective Stripes + „Hi-Vis“ lime green colour

2-tone whistle

Printed folding instructions on the front and back side for easy folding and packing

Oral valve with dust cap

- for eventual inflation and deflation of buoyancy chamber
- the integrated deflation aid allows to use both hands for deflation of the buoyancy chamber

Light wearing comfort thanks to skin-friendly materials

✳3 safety pictograms on back for easy donning(see pictures below)

Hip belt with quick fastener with size adjustment for easy and comfortable fitting

Yellow handle for pulling the buoyancy chamber out of its pocket easily and placing it directly over the head in emergencies

Protective cover made of black Cordura® with yellow seams and mesh base for ventilation and fast drying

SECUMAR Service Disc shows the recommended two year service interval

**INFLATABLE RESCUE DEVICE**  
FOR SWIMMERS, STAND-UP PADDLERS  
AND ALL WATERSPORTS ON AND  
IN THE WATER

As reliable safety back-up system in pocket form the **SECUMAR FREE 100** is equipped with a **fully-fledged 110 N buoyancy chamber**. After donning the „Hi-Vis“ lime green buoyancy chamber the CO<sub>2</sub> cylinder is manually operated, inflating the lifejacket with CO<sub>2</sub> and thereby **stabilising the lifejacket and the person in trouble without any further actions by the user**. The swimmer can now wait for his rescue in a stabilized and relaxed position.
